Presentation:

California Oral Health Plan: It’s Development, Implementation & Evaluation

Presenter #3

Joanna Aalboe RDH, MPH

Joanna is a Health Program Manager for the California Dept of Public Health (CDPH), Office of Oral Health.

Prior to joining CDPH, Joanna worked as an Assistant Professor and Program Director of Public Health Dentistry at the University of Kentucky's College of Dentistry for eight years. She taught courses in clinical and dental public health practice and worked with dental outreach programs, providing preventive services to underserved children on a mobile unit.

Joanna conducted research in health services to define oral disease burdens in the elderly and children, assess intervention strategies, and evaluate outcomes relatable to oral health disparities, oral health literacy, and oral health wellness.
