

CDC ANNUAL DATA REPORT: 2025

COMMUNITY
DENTAL CLINIC
AT UCSF

Message from the Directors

Alyssa Kong & Eric Lin

We extend our profound gratitude to our volunteer providers, assistants, faculty, interns, and coordinators, whose unwavering dedication has made this year of delivering dental care to underserved members of our community an extraordinary success. Week after week, the smiles on our patients' faces following their care at CDC have been a source of immense fulfillment, continually reaffirming our commitment to the practice and purpose of dentistry. Over the past year, we have been privileged to receive sustained support from multiple specialty programs, including Periodontics, Endodontics, and Prosthodontics, enabling us to provide care that is not only high in quality, but also truly comprehensive in scope.

This year, we placed a renewed emphasis on expanding our presence within the communities and spaces we serve. We reestablished connections with longstanding referral centers, strengthening vital partnerships. In addition, through our new collaboration with UCSF ASDA x CDC Pre-Dental Shadowing, we aspire to foster mentorship and provide early exposure to community dentistry, inspiring pre-dental students to join us in a shared mission of service and impact.

We also made meaningful strides in better serving our large Spanish-speaking patient population by reducing language barriers, an achievement made possible through the dedication and compassion of our volunteer translators.

To all who have contributed to CDC, we offer our sincere thanks for your commitment to our mission and for helping make this year so impactful and rewarding. We look ahead with great optimism as CDC continues to grow, serving our remarkable patients and advancing their oral health in the year to come.

Community Impact

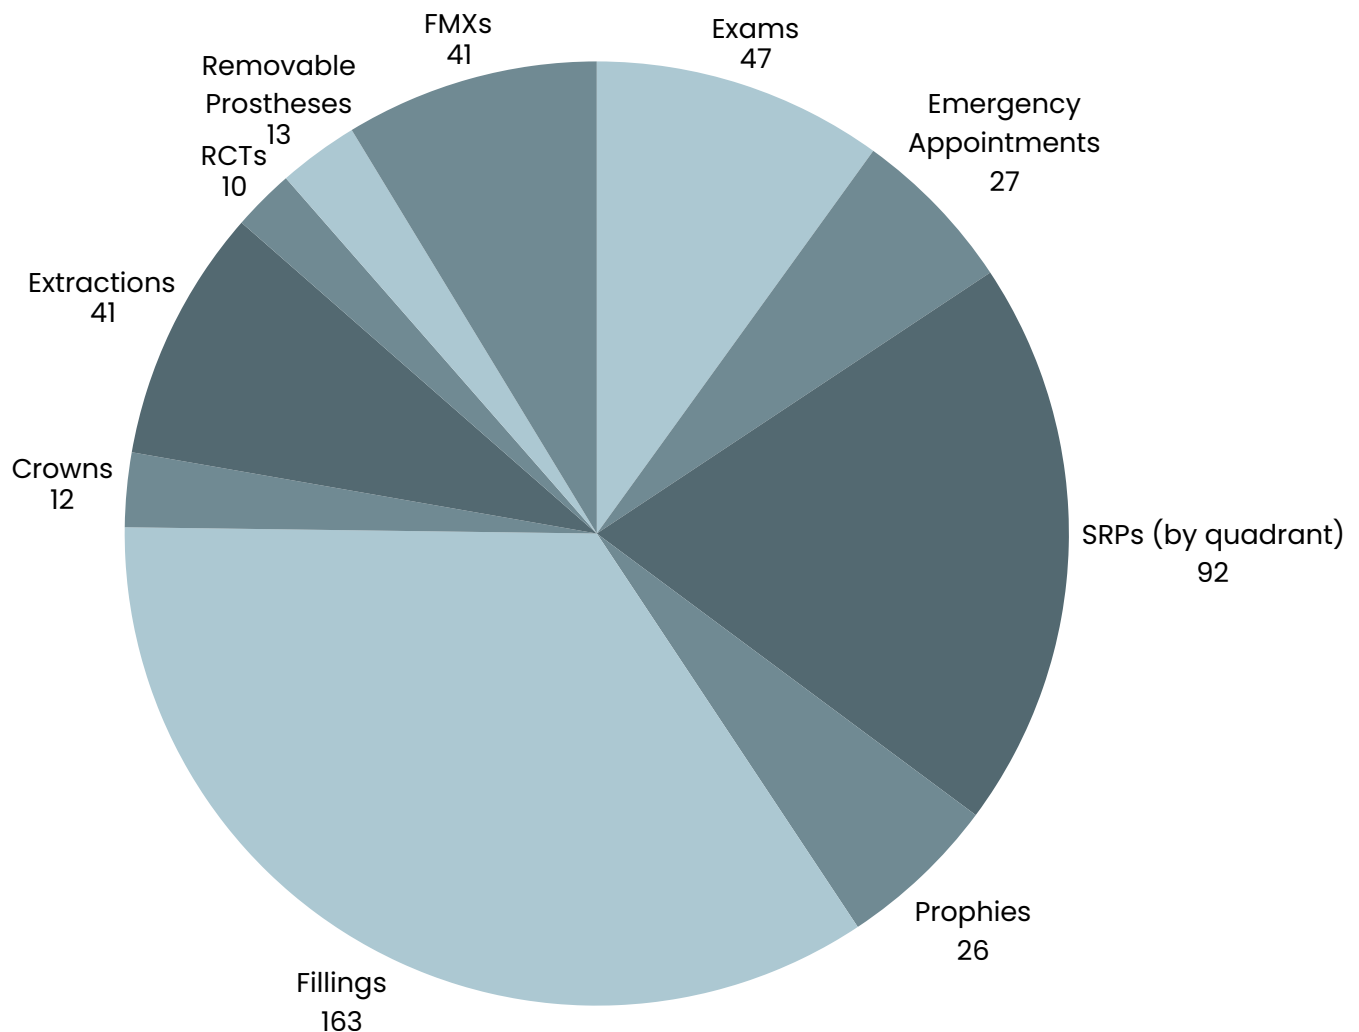

Total Value of Care
\$90,930

Value of Care per Patient
\$1,263

Patients
72

Appointments
